

STAT

12 August 1954

Dear D'Arcy:

When you were in Washington the other day you kindly left with me a copy of your report to Henry Ford, II, of July 26, 1954, giving the results of the work that you directed over the past year. You appreciate the reasons which make it difficult for me to write you publicly but I want you to know personally that all of us here, and that applies also to my Boss, are deeply appreciative of the work that you did and of the accomplishments realized. Furthermore, I want you to know that I enjoyed this opportunity of working with you and hope that I will have the occasion to do so again and soon.

I am off for three weeks as of tomorrow but meanwhile have been working on the matters we discussed and I hope we have a mutually satisfactory resolution of these problems at the time I get back. Again, with thanks,

Faithfully yours,

(Signed) ALLEN W. DULLES
